Notes for contributors

Themes and deadlines

TA116 2022 is the United Nations International Year of Glass (IYoG). The vision of IYoG2022 is to celebrate this transformative material – including the role of glass in advancing civilisation throughout recorded history and how archaeologists are learning more about ancient trade routes and identifying the use of glass artefacts.

Deadline: 1 April 2022

Contributions to *The Archaeologist* are encouraged.

Please get in touch if you would like to discuss ideas for articles, opinion pieces or interviews.

We now invite submission of 100–150-word abstracts for articles on the theme of forthcoming issues. Abstracts must be accompanied by at least three hi-resolution images (at least 300dpi) in jpeg or tiff format, along with the appropriate photo captions and credits for each image listed within the text document. The editorial team will get in touch regarding selection and final submissions.

We request that all authors pay close attention to CIfA house style guidance, which can be found on the website: www.archaeologists.net/publications/archaeologist

TA is made digitally available through the CIfA website and if this raises copyright issues for any authors, artists or photographers, please notify the editor. Copyright of content and illustrations remain with the author, and that of final design with CIfA. Authors are responsible for obtaining reproduction rights and for providing the editor with appropriate image captions and credits. Opinions expressed in *The Archaeologist* are those of the authors and not necessarily those of CIfA.
