

POSTSCRIPTUM

Interface Critique invites submissions (original papers, project or artwork descriptions) in English and does not charge any author fees. Please send an abstract of no more than 400 words to hello@interfacecritique.net. Please refer to the journal style guidelines and any additional information regarding call for papers on our website before the submission of a full manuscript.

Interface Critique is also looking for unknown or forgotten texts and artifacts that haven't been made public or haven't been translated into English yet.

These are welcome in any language and we will do our best to resurface them at least partially as long as we can obtain the publishing rights. Please get in touch if you know of something you consider worthwhile.

Interface Critique is committed to open access. All of the articles are free to access immediately from the date of publication.

Please visit **www.interfacecritique.net** for further information.
