

European and North American universities. Current interests: Visual arts studies, gender and postcolonial theories, culture of 20 century, Soviet and post-Soviet identity.

**Charikleia Venetsanaki**

Charikleia Venetsanaki is an architect. She completed her Master of Architecture at the National Technical University of Athens. Several of her student works have been published. After completing her studies, she has been professionally involved in the integration of new buildings in protected settlements. In her postgraduate studies in the field of epistemology of architecture, which are currently underway, she studies metaphorical thinking as a tool for designing architectural space.
