June 2017

Digital collage, billboard and photograph,
100 x 150 cm

The artwork was created as a part of a billboard campaign at the center of Warsaw organized by the Sputnik Photos Collective along with invited artists, including Joanna Rajkowska and Michał Frydrych. The artwork was a response to the policy of the Minister of the Environment – Jan Szyszko –, regarding the Białowieża Forest logging, which had the highest intensity during summer 2017. Additionally, the artwork appeared as gallery print (100 x 150 cm) and poster for sale. All the income from the poster sale was donated to support the activists from the Camp for the Protection of the Forest.
