

Search for works by Kyrill Zoneff

In 2026, the 130th anniversary of the birth of the Bulgarian artist Kyrill Zoneff (1896–1961) will be commemorated. The Sofia City Art Gallery (Sofia, Bulgaria) is preparing an exhibition titled "Kyrill Zoneff and His Artistic Circle: 130 Years Since the Birth of the Artist."

Between 1921 and 1930, Zoneff studied in Munich and was affiliated with the "Juri Frei" society. The exhibition aims to explore his creative development during this period, as well as his broader artistic network.

The project is currently in its research phase, and we are actively seeking works by Tsonev that may be held in private collections or institutional holdings outside Bulgaria. We would be very grateful for any information, leads, or documentation that could assist us in locating such works.
